Das Tex-Color Abtönsystem

Mit dem  **Tex-Mix System** haben Sie alle Vorteile auf Ihrer Seite

- geeignet für Dispersions-, Silikat- und Siliconharzfarben, -putze, Lacke, Lasuren und das neue Klassik-Kalksystem
- große Farbtonvielfalt
- optimales Preis-/Leistungsverhältnis
- Profiqualität in allen Aspekten: Deckkraft, Glanzgrad, Verlauf und Trocknung

Aus drucktechnischen Gründen können Farbtonabweichungen entstehen.

Profi-Qualität auf der ganzen Linie...
